

Sure Scan II™ Plus High Resolution Ink

IIMAK Inks is your source for high-quality inkjet inks which meet or exceed the OEM standard. Reduce your ink costs with products engineered to 100% compatibility. IIMAK Inks assures just-in-time delivery .

Sure Scan II™ Plus is ideal for printing high resolution codes and images

Sure Scan II is a cost competitive, pigmented ink used for challenging barcoding applications. Ideal for printing on porous substrates such as corrugated (case coding), lumber, leather, ceramic tile and Tyvek materials.

- Sure Scan II Plus High Resolution ink can bar code direct onto corrugated cartons and other porous substrates.
- Prints high quality verifiable UCC/EAN 128, I 2 of 5 and other tall bar codes
- Engineered inks are designed to meet or exceed OEM standards
- Premium durability, fast absorption time
- "Pour-over" replacement inks save time and eliminate waste as they do not require the system to be flushed before use.
- Over 20 years of experience in the ink manufacturing business
- 100% satisfaction guaranteed.

Product Specification

IIMAK Inks Sure Scan II™ Plus High Resolution Ink

IIMAK Product	Pigment Ink
General Description	A High Resolution ink engineered for use in challenging bar coding, applications. Ideal for case coding bar codes directly onto corrugated cartons and other substrates. This ink has minimal bleeding to ensure precise definition when printing.
Ink Composition	Oil based
Colors	Black
Sizes Available	500 ml and 1 liter
Colorant	Pigment—Black
Surface Type	Porous
Typical Substrates	Corrugated, lumber, leather, ceramic tile & Tyvek material.
Dry Time	Fast absorption time (substrate dependent)
Recommended Reactivator Thinner/ Cleaner/ Solvent	Available on request
Shelf Life & Ink Storage (Unopened Container)	Pigment—12 months from date of manufacture when stored where the temperature remains within a range of +32°F to +100°F (+1°C to +38°C).
Cross Reference Ink #	ITW Scan True II Plus Squid SI-HR80ST-500B Diagraph Scan True II Plus Trident Scan True II Plus
MSDS Information	Please contact IIMAK Inks (888)535.3439

Data provided is for reference only, testing of ink in your application is recommended.
