Go Green

with Sustainable Packaging

Using paper that is curbside recyclable & biodegradable, Ranpak offers a complete paper-based delivery method that is more sustainable than alternatives.

At Ranpak, what's good for the environment is also good for business and the bottom line.

04-2024-NDAM

RecyCold® climaliner plus™

Paper-based, curbside recyclable liners that provide sustainable cold chain performance.

With sustainability being at the forefront of everything we do, Ranpak's RecyCold® climaliner plus™ provides superior thermal performance without the negative environmental impact from plastic or foam packaging. The eco-friendly design offers an insulating liner for packaging of temperature-sensitive products, designed for longer duration shipments.

Available in a large variety of standard sizes, the climaliner plus™ solution also comes in both 1 and 1 ½ inch thickness, ensuring maximum protection for any unseen shipping mishaps. Climaliner plus™ liners are also customizable, ensuring the most economic and sustainable fit for your product shipping needs. The result is zero wasted space in your parcels, saving you both time and money.

Popular In These Industries

Key Features

Curbside Recyclable

All-paper construction means it can be recycled at the curb like a normal box.

Sustainability

Eco-Friendly thermal replacement to EPS coolers, which takes up less space in transit and in the warehouse.

Food Safe

Designed specifically with food safety in mind.

Comprehensive

Variety of standard sizes that fit a wide range of products with customized sizing for unique needs.

Performance

Comparable performance to most other extended duration liners. Offers up to 72 hours of performance for frozen, chilled, and ambient products.

Ranpak®

Key Benefits

Curbside Recyclable

All paper construction can be recycled at the curb like a normal box

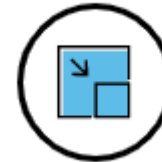

Sustainability

Eco-Friendly thermal replacement to EPS coolers, which takes up less space in transit and in the warehouse

1" Liner solution

(3) Layer Inner Wadding

1.5" Liner solution

Standard Box Sizes

8" x 8" x 8"

10" x 10" x 10"

12" x 12" x 12"

14" x 14" x 14"

16" x 16" x 16"

18" x 18" x 18"

Positioning

- Solution for 2–3-day shipment
- Shipping quantities that support minimum order requirements
- Products shipping during summer months that need thermal performance and protection equal to EPS coolers. Added benefit of being able to recycle the lining at the curb with the box.
- Benefit with the added ability to save on space due to the A / B liner system.
- Industries:
 - Custom Meal kits , Gourmet food & beverage
 - Cosmetics
 - Pet foods
 - Pharmaceuticals, nutraceuticals
 - Live plants
